

# Why join Friends of JEF?

## Stay part of something historic

Generations of JEFers now have secured our philosophy a place in the history of the Europe and the world. That doesn't end when you turn 35.

## Connect with the most exceptional people you ever met

Thousands of people found love and thousands more friendship through their JEF membership. All found a place in the JEF Family, and all still can. Part of being a JEFer is meeting old friends and making new ones, Friends of JEF's socials are the place to do precisely that.

## Share your expertise & be part of an influential network

JEF counts across its past and present members a lot of knowledge and a lot of experience. By being part of Friends of JEF you have access to a professional network where you can develop new skills and knowledge, but also help the next generation develop useful skills and contacts too.
